## Standard Operating Procedure (SOP) for Data Validation and Verification of Affiliated Colleges Manual

### **A: General Guidelines for HEIs:**

Note: Relevant original documents signed by the concerned authorities, and/or members of the committee should be scanned and uploaded. Insertion of signature(s) and insertion of the header of the Institutional letterhead in the documents for proof of evidence shall not be acceptable.

- The NAAC HEI Portal supports only 5MB data for each metric. If the attachments exceed 5MB, the HEI should host the supporting documents on the HEI's website and provide the link of the same in the template and/or in the HEI-DVV clarification response.
- Data/supporting documents should not be provided on Google Drive, Microsoft one drive, Amazon Cloud or any third-party websites. Any such uploads will not be considered for the data validation and verification process.
- While providing the links of the HEI's website where the supporting documents are hosted, the institution should provide the link in the HEI's clarification box. While providing the links in the running text, to enable the hyperlink, press "Enter Key", then paste the link, and again press, "Enter Key". Provide the relevant supporting documents as per the SOP during the SSR submission to facilitate speedy DVV clarification process.
- It is mandatory to fill the templates in the specific formats provided by NAAC. The HEI is not supposed to alter the template format in which the data is sought. The documents uploaded should be clearly readable for the claims made.
- It is mandatory to respond to all clarifications raised by the DVV for the items in the extended profile and metrics, within the stipulated time.
- Whenever the data is voluminous, the DVV Partner will seek for details from selected sample documents for validation. Before submitting the clarification responses to the DVV, the institution should report to NAAC.
- Once the data is uploaded and the links are submitted to the NAAC, changes/ additions are not permissible and such changes in the documents (if any) will be tracked and viewed seriously, which may lead to actions against the HEI. While providing links,

**6.3.3 Percentage of teaching and non-teaching staff participating in Faculty development Programmes (FDP), professional development /administrative training programs during the last five years**

- Event Brochures and reports year-wise.
- e-copy of the certificates of the program attended by teaching and non-teaching staff.
- List of participating teaching and non-teaching staff as per the prescribed format year wise during the last five years.
- Annual reports highlighting the programs undertaken by the teaching faculties and non-teaching staff.
- If data is large, DVV will seek documents pertaining to selected participants.
- **Multiple participation of the faculty in the same academic year to be considered as one.**
- **In 6.3.3.2- Total number of non- teaching staff/ technical staff working / worked in the institution year-wise during last five years to be considered**
- Attending Seminars / invited talks cannot be included in this metric.
- Less than 5 days FDPs are not to be considered.
