2.3.1 Additional Information:

ICT-enabled tools, such as online learning platforms, interactive multimedia resources, and virtual classrooms, significantly enhance the teaching and learning process. They facilitate access to a vast array of educational materials, enable personalized learning experiences, and foster collaboration among students and educators. By leveraging these technologies, educators can create engaging, dynamic, and effective learning environments.

Following is the list of ICT tools used:

1. Laptops/Smart Devices

The faculty members have laptops and desktops in their cabins, equipped with all the necessary software for effective teaching. Additionally, all offices and departments are furnished with a sufficient number of desktop computers. The central computer lab is outfitted with high-performance computer systems connected to high-speed internet and a Wi-Fi network.

2. Zoom/Google meets

Additionally, platforms like Zoom and Google Meet are easily accessible, facilitating dynamic and engaging lectures and events. This combination of advanced technology and online tools ensures a comprehensive educational experience for both students and instructors.

3. Classrooms with ICT tools

Classrooms equipped with ICT and smart boards feature projectors and CCTV cameras. These advanced setups enhance the learning experience with modern technology.

4. Wi-Fi & LAN Facility

All faculty and students are granted access to Wi-Fi and LAN internet services following a secure login process. This ensures reliable connectivity and supports their academic and administrative activities.

5. ERP

The ERP software is available for all the employees in the campus. The advanced ERP system seamlessly integrates various academic, administrative, and financial functions into a unified platform.

6. Social Media platforms

- YouTube channel
 - a. <https://www.youtube.com/shorts/X2EoiA9cO9k>
 - b. <https://www.youtube.com/@shreeyashpharmacyaurangaba5820/videos>

The YouTube channel has been created and is being used to view lectures and seminar recordings for better understanding of topics or by students who have missed classes.

- Instagram
Channel: https://www.instagram.com/p/CI-Tr9hsDkb/?utm_source=ig_web_copy_link
A brief recording is played over this platform for events, seminar participation, and national or important day celebrations. This ensures that all participants are informed and engaged in these activities.

- Twitter
Channel: <https://twitter.com/ShreeyashInsti1?s=08>

Students use this platform to communicate and receive essential updates. It serves as a hub for important announcements, assignment details, and event notifications. The platform ensures that students stay informed and connected with their academic community.

- LinkedIn
<https://www.linkedin.com/in/shreeyash-institute-221b18201?trk=contact-info>
LinkedIn allows students to connect with professors for networking, career advice, and recommendations. Professors share industry insights and career opportunities, while students can enhance their skills through LinkedIn Learning, making it a valuable platform for professional development and career preparation.
- Whatsapp groups like
 1. BPH 1st Yr 23-24 Boys
 2. BPH 1st Yr 23-24 Girls
 3. 2nd Boys BPH 23-24
 4. 2nd Girls BPH 23-24
 5. 3rd Boys BPH 23-24
 6. 3rd Girls BPH 23-24
 7. 4th Boys BPH 23-24
 8. 3th Girls BPH 23-24
 9. M.Pharma (Ceutics) 2nd year
 10. M.Pharma 1st yr (PHARMACEUTICS)

This platform provides and facilitates communication and essential information related to academics, examinations, materials, and more.

7. E-Resources from library

The institute provides advanced learning resources, including access to NPTEL courses and various software subscriptions. For language laboratories, tools like Duolingo and Quizlet are employed, while Chem-Draw is utilized for drug design. These software tools are essential in enhancing both the learning and research environments. Additionally, the library offers a wide array of digital resources, such as online databases, e-books, and e-journals. Students benefit from subscriptions to resources like DELNET, the National Digital Library of India (NDLI), and Shodhganga. These resources grant access to a wealth of online information, research papers, and books, significantly supporting their academic and research endeavors.

8. ICT Tools for teaching

Shreeyash Institute of Pharmaceutical Education and Research has its own YouTube channel where they offer teaching and a range of learning resources. Through this channel, they provide educational content and support for their students.

Faculty members use platforms like YouTube, Zoom, Google Meet, and Google Classroom to communicate, distribute materials and syllabus, make announcements, conduct tests, and upload assignments.

Faculty members use IT-enabled learning tools like PowerPoint and online resources to enhance knowledge and practical learning. They also utilize various software applications, such as HPLC software and ChemSketch.

9. Virtual labs through Simulations

Students are encouraged to use simulation for a better understanding of experiments in pharmacology and chemistry. Simulations provide a safe, controlled environment to explore complex concepts and scenarios. This enhances their comprehension and retention of intricate subject matter.

- **Obsim**
- **Computer aided instructional package for experimental pharmacology**
- <https://phet.colorado.edu/en/simulations/browse> (PhET, located at the University of Colorado Boulder, provides more than forty chemistry-based simulations. Users can search for these simulations by subject and grade level.)

10. QR Codes

Faculty and students are encouraged to use QR codes to provide essential onsite information about plants.

with a consolidated score of **60 %**

Prof. Andrew Thangaraj
NPTEL Coordinator
IIT Madras

(Feb-Apr 2024)

Roll No: NPTEL24GE21S651400427

Duration of NPTEL course : 8 Weeks

The candidate has studied the above course through MOOCs mode, has submitted online assignments and passed proctored exams.
This certificate is therefore acceptable for promotions under CAS as per AICTE notifications dated 16th Nov, 2023, similar to other refresher / orientation courses.
F.No. AICTE / RIFD / FDP through MOOCs / 2023

SWAYAM ONLINE COURSE CERTIFICATION

This certificate is awarded to
Mhaismale Vinayak Kachru
for successfully completing the 4 credit course
Academic Writing
with a consolidated score of 80%
from the evaluation based on continuous online assessments and the proctored
examination held in month of February 2023.

Roll No. : MR04010139

This course was offered by Dr. Ajay Semalty of HNB Garhwal University

Digital Library

E-Resources:

Shreeyash Institute of Pharmaceutical Education and Research stands out as a premier institution in the field of pharmaceutical sciences, dedicated to delivering top-tier education and resources to its students. The college has significantly enriched the students' learning experience through the effective use of the library's e-resources. The college library boasts an extensive collection of e-resources, including e-books, e-journals, online databases, and other digital materials. These resources are accessible to students anytime and anywhere, providing a more convenient and flexible learning environment.

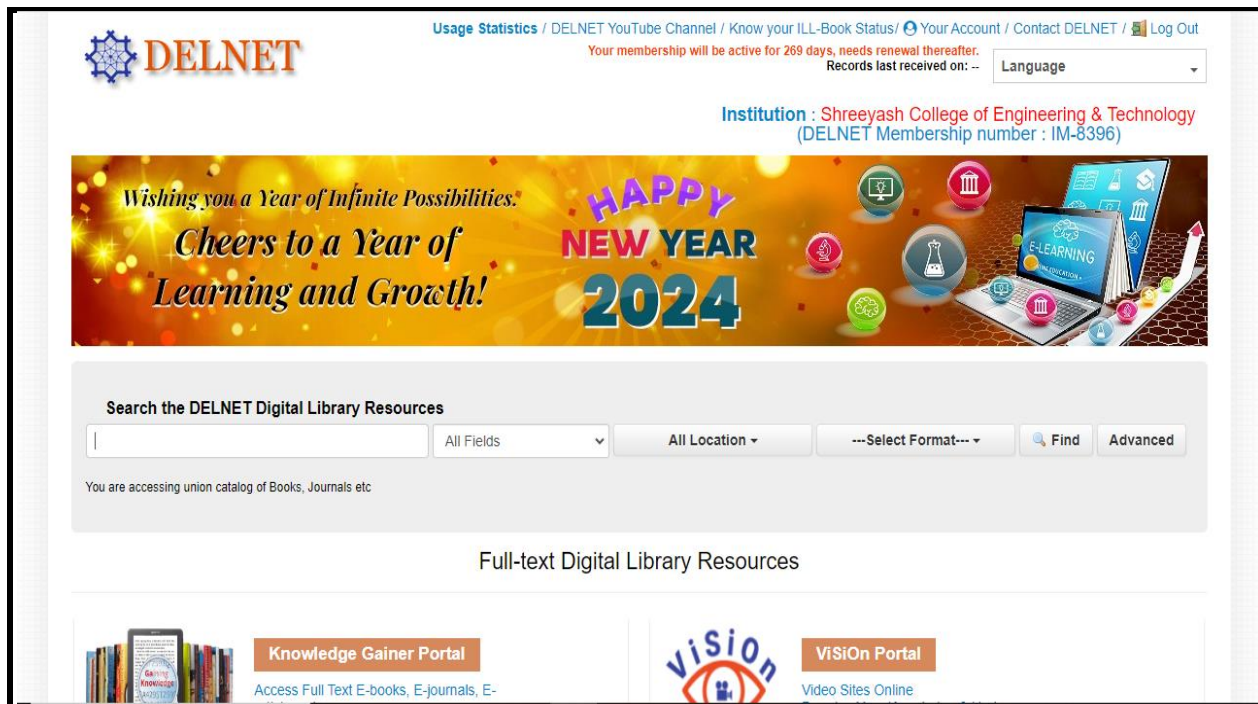

To ensure all students have access to these e-resources, the college provides login credentials via the MOPAC Android Application. This enables students to easily access the e-resources from their computers or mobile devices, saving them time and effort. Similarly, Shreeyash Institute of Pharmaceutical Education and Research has effectively utilized library e-resources to enhance the students' learning experience. This approach has significantly contributed to the students' knowledge and skill development, benefiting their future careers.

Remote Access of E-Resources

DELNET CONSORTIA

Shreeyash Institute of Pharmaceutical Education and Research actively participates in the Developing Library Network (DELNET). Through its membership, the college gains access to a vast array of e-resources that greatly benefit students, faculty, and research scholars. The DELNET e-resources are invaluable for academic research at the college level. With 388 titles of Pharmacy E-Journals available, users can access the latest research and advancements in the pharmacy field. These journals feature articles authored by leading experts and undergo peer review, ensuring that the research is high-quality and reliable.

NATIONAL DIGITAL LIBRARY OF INDIA (NDLI)

Shreeyash Institute of Pharmaceutical Education and Research in Aurangabad has been actively registering its students with the National Digital Library of India (NDLI), a valuable resource for accessing an extensive range of library materials. The NDLI, an initiative by the Ministry of Education, Government of India, offers easy access to a wide variety of digital resources, including journals, articles, books, and other educational materials.

The college encourages its students to not only enroll in the NDLI but also to make full use of its resources. Once registered, students can access the NDLI portal from anywhere, at any time, using their login credentials. The NDLI boasts an enormous collection of resources related to pharmacy, including textbooks, research articles, and other materials. It also provides resources in various languages, making it accessible to students who are not proficient in English by offering educational materials in their native languages. Additionally, the NDLI includes user-generated content, online courses, and virtual labs, offering a more immersive learning experience for students. The NDLI will offer a single-window search facility, serving as a comprehensive hub for all digital educational resources. Unlike other digital libraries, it allows for personalized information based on education level, language preference, difficulty level, content media, and various other factors.

Link	https://ndl.iitkgp.ac.in/
------	-------------------------------------------------------------------

The screenshot displays the NDLI website interface. At the top, there is a navigation bar with options like 'Browse', 'Search', 'NDLI Club', 'Other Services', 'Language', and a user profile 'vaishali tupe'. Below this, the main header features logos for 'G20 India 2023', 'National Digital Library of India', and '75 Azadi Ka Amrit Mahotsav'. A search bar is prominently displayed with the text 'Search over 100,317,720 resources' and a language dropdown set to 'English'. The main content area is divided into three sections: 'TEST PREPARATION' with buttons for 'CBSE Examination Preparatory', 'IIT-JEE and NEET', 'JAM Joint Admission test for Masters (JAM)', 'GATE Graduate Aptitude ... in Engineering (CA...', 'UGC NET National Eligibility ... (UGC NET)', and 'Career Development and Recruitment'; 'STUDY AT HOME' with buttons for 'School', 'Engineering', 'Science', 'Humanities', 'Literature', and 'Law & Management'; and 'COVID-19 RESEARCH REPOSITORY' with buttons for 'Scholarly', 'Documents &', 'Journals &', 'Ideas &', and 'Challenges &'. The bottom of the image shows a Windows taskbar with the search bar, taskbar icons, and system tray showing the time as 3:39 PM on 4/2/2024.

Background

The Project entitled "National Library and Information Services Infrastructure for Scholarly Content (N-LIST)", being jointly executed by the e-ShodhSindhu Consortium, INFLIBNET Centre and the INDEST-AICTE Consortium, IIT Delhi provides for i) cross-subscription to e-resources subscribed by the two Consortia, i.e. subscription to INDEST-AICTE resources for universities and e-ShodhSindhu resources for technical institutions; and ii) access to selected e-resources to colleges. The N-LIST project provides access to e-resources to students, researchers and faculty from colleges and other beneficiary institutions through server(s) installed at the INFLIBNET Centre. The authorized users from colleges can now access e-resources and download articles required by them directly from the publisher's website once they are duly authenticated as authorized users through servers deployed at the INFLIBNET Centre.

N-LIST: Four Components

The project has four distinct components, i.e. i) to subscribe and provide access to selected e-ShodhSindhu e-resources to technical institutions (IITs, IISc, IISERS and NITs) and monitor its usage; ii) to subscribe and provide access to selected INDEST e-resources to selected universities and monitor its usage; iii) to subscribe and provide access of selected e-resources to Govt./ Govt.-aided colleges and monitor its usage; and iv) to act as a Monitoring Agency for colleges and evaluate, promote, impart training and monitor all activities involved in the process of providing effective and efficient access to e-resources to colleges.

The INDEST and UGC-INFONET are jointly responsible for activity listed at i) and ii) above. The INFLIBNET Centre, Gandhinagar is responsible for activities listed at iii) and iv) above. The INFLIBNET Centre is also responsible for developing and deploying appropriate software tools and techniques for authenticating authorized users.

Note: From Year 2014, N-LIST programme is subsumed under e-ShodhSindhu Consortium as college component. The colleges (except Agriculture, Engineering, Management, Medical, Pharmacy, Dentistry and Nursing) in India are eligible to get access e-resources under N-LIST programme.

About Shodhganga

A reservoir of Indian Theses

The Shodhganga@INFLIBNET Centre provides a platform for research students to deposit their Ph.D. theses and make it available to the entire scholarly community in open access. The repository has the ability to capture, index, store, disseminate and preserve ETDs submitted by the researchers. [\[Read More\]](#)

Shodhganga Membership is not for Colleges.
