Teachers	08					
Objective	<ol style="list-style-type: none"> 1. Understanding IPR: Clarity on patents, copyrights, and trademarks. 2. Navigating Patent Filing: Learn submission process and essentials. 3. Empowering Innovation Protection: Tools for safeguarding inventions. 4. Ethical Awareness: Understand ethical innovation. 5. Inspiring Entrepreneurship: Role of IP in growth. 6. Practical Application: Identify patents, draft applications. 7. Facilitating Collaboration: Networking and mentorship. 8. Promoting Lifelong Learning: Stay updated on IP laws. 					
Activity Incharge	Dr. Vishal Gurumukhi					
Description of Activity	"Our students had the opportunity to enhance their understanding of Intellectual Property Rights (IPR) and Patents Design Filing through an engaging online workshop conducted by Dr. Bharat Suryawanshi from RGNIPM Nagpur, an esteemed IPR Training Institute under the Ministry of Commerce & Industry, Government of India. Dr. Suryawanshi, an Assistant Controller of Patents & Designs, shared valuable insights on the significance of IPR and the process of filing patents. This workshop, held on May 14th, 2024, provided our students with practical knowledge and skills crucial for navigating the world of intellectual property."					
Outcome/feedback	Following the workshop on "Intellectual Property Rights (IPR) and Patents Design Filing" led by Dr. Bharat Suryawanshi, our students gained a deeper understanding of protecting their creative ideas and innovations. They learned about the importance of intellectual property rights and the process of patent design filing. Armed with this knowledge, our students are now better equipped to safeguard their inventions, ensuring their rightful recognition and potential commercialization. This workshop not only expanded their knowledge base but also empowered them to navigate the complexities of intellectual property with confidence and clarity, setting them on a path towards innovation and success.

ACTIVITY REPORT

Name of activity	: Online workshop on “Development of Instrumentation Facilities for Emerging Scientist”	Date: 15/04/2024
Type of Activity	: Guest Lecture	
Organizers	: Shreeyash Institute of Pharmaceutical Education and Research, Chh. Sambhajnagar	
Venue	: Class Room No. 401	No. of participants:
		Students 76
		Teachers 02
Objective	: The objectives of the guest lecture on "Development of instrumentation facilities for Emerging Scientists" were to provide an overview of available instrumentation facilities, understand the specific needs of emerging scientists, emphasize the importance of instrumentation in research, explore strategies to improve access and availability, highlight the significance of training and skill development, showcase recent technology trends, share case studies and success stories, discuss networking and collaboration opportunities, provide insights into career development, and facilitate interactive Q&A sessions to deepen participants' understanding.	
Activity Incharge	: Mr. Amol Lonarkar, Mr. Vinayak Mhaismale	
Description of Activity	: "During his guest lecture on the 'Development of Instrumentation Facilities for Emerging Scientists' on April 15, 2024, Mr. Avinash Chaudhari, the founder of Oxy Servelife Laboratories Pvt. Ltd., provided priceless insights. Mr. Chaudhari enthralled our audience with his depth of industry expertise, practical guidance, and real-world examples. His fascinating discussion encouraged our young scientists to use these tools for their research endeavors while also illuminating the most recent developments in instrumentation. Our pupils felt motivated and eager to explore new horizons in scientific instrumentation after attending this insightful workshop."	
Outcome/feedback	: "By attending this guest lecture, students feel more self-assured and energized. Now that they have gained Mr. Chaudhari's practical expertise and insights, they are more capable of navigating the complexity of scientific instruments. His knowledge and practical experiences encourage our aspiring scientists to push the limits of their respective professions' study and innovation. Our students curiosity and excitement have been sparked by Mr. Chaudhari's captivating talk, and this is leading them toward a future full of limitless opportunities for scientific inquiry."
