17. INTERNAL ACADEMIC AND ADMINISTRATIVE AUDIT

By combining rigorous audits with the execution of strategic measures, the IQAC seeks to institutionalize quality assurance. Through CGPA evaluations, these audits measure the performance of several departments and sections. Numerous factors are taken into consideration throughout the audit process, such as extracurricular activities, faculty documentation, departmental exam results, research publications, patents, examination procedures, and administrative documentation. Pharmaceutics, Pharmaceutical Chemistry, Quality Assurance, Pharmacology, and Pharmacognosy are the departments engaged in this procedure. The departments that are being audited include the Academic Planning and Monitoring dept, the Examination dept., the Library, the Training & Placement cell, The Institution Innovation Council (IIC), the Office section, the Store and Purchase section, and the Information and Communication Technology (ICT) cell. The table displays the audit's compiled findings for the 2022–2023 academic year.
